Charging

The ideal accessory to make the most of your Smartphone at home with deeply amplified extra sound

- BT **speaker** with amplified sound and enhanced low frequency response
- External full duplex **handsfree system** for compatible smartphones
- **Answer/release mobile calls** and control call or media volume with its physical keys
- Automatic BT connection/disconnection when the smartphone is placed on/removed from the base, including **audio handover between phone and base**
- **Easy charging station**

AMPLI BASE

BLUETOOTH AMPLIFIED CHARGING BASE FOR S510C

SMART 3-IN-ONE STATION

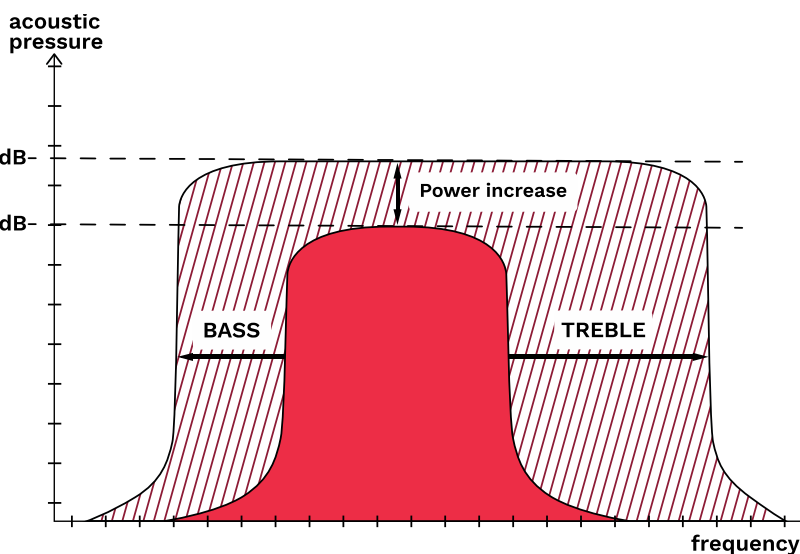

- **Answer/end a phone call at a press of a button** on the base
 - No need to pick-up the phone and touch the screen
- **Amplified high quality sound:**
 - 2 times louder than the Smartphone handsfree level
 - Better bass and treble reproduction
- Enjoy strongly **amplified handsfree audio or video call** in full duplex.
- Experience **high quality sound radio, music or video content**
- **Charging station :** easy to charge and locate the Smartphone. Will come in addition to the standard dock station included in S510C offers

AUTOMATIC BLUETOOTH CONNECTION/DISCONNECTION WHEN THE SMARTPHONE IS PLACED / REMOVED FROM THE BASE

- You can put the phone on the Ampli Base during a call. The sound will be automatically played through the base once the connection has been set up.
- Similarly, if you remove the phone from the cradle during a call, the sound will switch back to the phone.
- No interference while used with the S510 SOS Bluetooth bracelet

POWERFUL HIGH-FIDELITY SOUND

- **High Volume and fidelity sound :** amplified twice more than smartphone handsfree, better balance, greater depth of sound

+6dB = volume x2

 = sound of the Amplibase

 = sound of the S510
